EVERYONE IS WELCOME

ACRA celebrates women in construction and those who support them, this year with a breakfast at the beautiful Pullman Melbourne on the Park. It is a time to highlight and celebrate the work of women within the industry. Likewise, it is a time that brings to the fore the opportunities that are available to women in construction. Because greater representation of women in construction will benefit everyone in the industry – and the community.

ACRA is proud to present a wonderful panel of amazing women in construction. In 2020 ACRA celebrated International Women's Day where the panel discussion showed where women started in the industry and the walls they have blasted through and laid a path for other women in the construction industry. This year we'll be sharing stories of how women in construction have had to overcome and celebrate the people that have helped us to where we are today and how we can attract young women while they're in school to pursue a career within the industry.
